

A diagram showing a cross-section of an aileron. It features a curved leading edge on the left and a straight trailing edge on the right. Internal structure is indicated by dashed lines. A label 'AILERON' with an arrow points to the leading edge.

AILERON

1/16

A diagram showing a cross-section of an airfoil. It has a rounded leading edge and a flat trailing edge. Internal structure is indicated by dashed lines. A label '5/16" SQ. L.E.' with an arrow points to the leading edge.

5/16" SQ. L.E.

A diagram showing a cross-section of an airfoil. It has a rounded leading edge and a flat trailing edge. Internal structure is indicated by dashed lines. A label 'THIS AIRFOIL SHOWS 1/4" SQ. SPARS -' with an arrow points to the internal structure.

THIS AIRFOIL SHOWS 1/4" SQ. SPARS -

1/8" P

1/8" PLYWOOD STRIPS

A diagram showing a cross-section of a structure. It features a horizontal rectangular section supported by vertical lines. A label '1/8" PLYWOOD STRIPS' with an arrow points to the horizontal section. Below the horizontal section, the text 'SEC. B' is written.
